Airfoam Industries Ltd.
19402 56 Ave.
Surrey, BC V3S 6K4 Canada

SCOPE:
This NOA is being issued under the applicable rules and regulations governing the use of construction materials. The documentation submitted has been reviewed and accepted by Miami-Dade County RER-Product Control Section to be used in Miami Dade County and other areas where allowed by the Authority Having Jurisdiction (AHJ).

This NOA shall not be valid after the expiration date stated below. The Miami-Dade County Product Control Section (In Miami Dade County) and/or the AHJ (in areas other than Miami Dade County) reserve the right to have this product or material tested for quality assurance purposes. If this product or material fails to perform in the accepted manner, the manufacturer will incur the expense of such testing and the AHJ may immediately revoke, modify, or suspend the use of such product or material within their jurisdiction. RER reserves the right to revoke this acceptance if it is determined by Miami-Dade County Product Control Section that this product or material fails to meet the requirements of the applicable building code.

This product is approved as described herein and has been designed to comply with the Florida Building Code, including the High Velocity Hurricane Zone.

DESCRIPTION: Quad-Lock Insulating Concrete Forms

APPROVAL DOCUMENT: Drawing titled “Quad-Lock EPS Panels & Ties”, sheets 1 and 2 of 2, dated 06/09/2016, with revision dated 05/10/2021, prepared by Airfoam Industries Ltd., signed and sealed by Hermes F. Norero, P.E., bearing the Miami-Dade County Product Control revision stamp with the Notice of Acceptance number and expiration date by the Miami-Dade County Product Control Section.

MISSILE IMPACT RATING: None

LABELING: Each bundle shall bear a permanent label with the manufacturer's name, Villa Rica, GA, and the following statement: "Miami-Dade County Product Control Approved", unless otherwise noted herein.

RENEWAL of this NOA shall be considered after a renewal application has been filed and there has been no change in the applicable building code negatively affecting the performance of this product.

TERMINATION of this NOA will occur after the expiration date or if there has been a revision or change in the materials, use, and/or manufacture of the product or process. Misuse of this NOA as an endorsement of any product, for sales, advertising or any other purposes shall automatically terminate this NOA. Failure to comply with any section of this NOA shall be cause for termination and removal of NOA.

ADVERTISEMENT: The NOA number preceded by the words Miami-Dade County, Florida, and followed by the expiration date may be displayed in advertising literature. If any portion of the NOA is displayed, then it shall be done in its entirety.

INSPECTION: A copy of this entire NOA shall be provided to the user by the manufacturer or its distributors and shall be available for inspection at the job site at the request of the Building Official.

This NOA renews NOA # 20-0727.02 and consists of this page 1, evidence pages E-1 and E-2 as well as approval document mentioned above.

The submitted documentation was reviewed by Sifang Zhao, P.E.

NOA No 21-0708.14
Expiration Date: November 03, 2026
Approval Date: October 14, 2021
PRODUCT DESCRIPTION:
Quad-Lock Insulating Concrete Forms (ICFs) are manufactured from C578-compliant Type II and Type IX Expanded Polystyrene (EPS). The forms are used as stay-in-place formwork for structural concrete, load-bearing and non load-bearing, below-grade and above-grade walls. The forms are used in construction of plain and reinforced concrete beams, lintels, exterior and interior walls, foundations walls and retaining walls. The forms remain in place after placement and curing of concrete to provide wall insulation, and must be covered with approved interior and exterior finish materials in accordance with the Florida Building Code. Exterior shall have final finish applied or be temporarily protected from exposure within 30 days of installation of ICF units. The concrete forming system shall comply with ACI 347, and the concrete walls shall comply with ACI 318.
